America Star Books, United States, 2009. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.This story is based on my meeting, after taking a week-long test for a special government position, July 1950, with whom I believe was a visitor from another world to this planet; a visitor I named Val Thor, the visitor that named me Terese Thor. This story presents Val and his crew as I know them to be is my purpose in writing this book. His persona, events on the ship, the description, purpose of their being in our solar system, technology I describe, the way they travel, the history of this planet, advanced civilizations, and the astral work they do here on the planet, as well as the channeled words of the commander are true, to my knowledge. When the times comes and the US government honors its taxpayers with the truth, the pictures of Val and I will be released and my story proven true.
