CreateSpace, 2007. Paperback. Book Condition: New. CreateSpace 2007 New/ Product Description This Lexicon is an in-depth study of words associated with Religions and Spirituality world-wide. It is a collection of definitions that focus on ideas from many religious viewpoints, philosophies, and spiritual circles. It can be distinguished from other approaches to word definitions, as these are not from one source or one discipline, but from a broad range of sources, and numerous scholars. This was written for the convenience and enlightenment of its readers, and is a compilation of definitions that may be subject to various interpretations. Definitions of this type vary from text-to-text, and this is no exception. The author hopes that the interpretations will encourage an exciting thought-process from which stimulating discussion and conversations will arise, thus enlightening the participants points-of-view.
