

Anne Frank: The Biography

Filesize: 1.33 MB

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Ally Reichel)

ANNE FRANK: THE BIOGRAPHY

Metropolitan. 1 Cloth(s), 2013. hard. Book Condition: New. Originally published in 1998, this biography from the editor of Hitler's Last Secretary and co-author of *A Garden of Eden in Hell* follows Anne Frank's life up to her desperate end in the Bergen-Belsen concentration camp. This updated edition includes the full text of the five missing diary pages that emerged in the 1990s, as well as a number of new photographs, and brings to light many fascinating facts surrounding the Franks. It includes an epilogue from Miep Gies, who hid them for two years, and features new theories surrounding their betrayal, revelations about the pressure put on their helpers by the Nazi party, and the startling discovery that the family applied for visas to the United States."The style of the book builds the tension and colors in an almost cinematic way, in particular evoking Anne's physical presence, from girlish selfishness through the frustrations of puberty to a deepening spirituality, so the sense of what was lost with this one life is acute. Required reading for anyone who insists on believing that, in the face of facts, life could indeed be beautiful."Irish Independent 459.
