

## E-topia: Urban Life, Jim - But Not as We Know it

By William J. Mitchell

MIT Press Ltd. Paperback. Book Condition: new. BRAND NEW, E-topia: Urban Life, Jim - But Not as We Know it, William J. Mitchell, The global digital network is not just a delivery system for email, Web pages, and digital television. It is a whole new urban infrastructure -- one that will change the forms of our cities as dramatically as railroads, highways, electric power supply, and telephone networks did in the past. In this lucid, invigorating book, William J. Mitchell examines this new infrastructure and its implications for our future daily lives. Picking up where his best-selling *City of Bits* left off, Mitchell argues that we must extend the definitions of architecture and urban design to encompass virtual places as well as physical ones, and interconnection by means of telecommunication links as well as by pedestrian circulation and mechanized transportation systems. He proposes strategies for the creation of cities that not only will be sustainable but will make economic, social, and cultural sense in an electronically interconnected and global world. The new settlement patterns of the twenty-first century will be characterized by live/work dwellings, 24-hour pedestrian-scale neighborhoods rich in social relationships, and vigorous local community life, complemented by far-flung configurations...
